Dedication

Seldom is it given to an individual to found a school in a new community and even more seldom is that individual able to devote thirty-five years to the planning, building, and directing of that school. Such was the builder of our school.

As a founder he had vision: vision to select this plot of land in a new district of promising beauty and cultural background; vision to plan and equip a structure of enduring materials, spacious proportions, and artistic worth; vision to reserve a practice field for future champions.

As a builder he had resourcefulness: from a crude structure amid bleak surroundings to a noble edifice in a flourishing community; from a faculty of three to a corps of ninety; from a student body of a mere 83 to the grand total of 2,538 — he has built. Through two generations he has built, supplying the finer things for cultural growth: a pipe organ, chandeliers, bronze grilled doors, murals, and film projectors.

As a director he had power: power to establish a smoothly-running system of maximum efficiency for both student and faculty; power to encourage good study habits and joy of accomplishment as a basis for scholarship and exemplary conduct; power to develop well-rounded personalities through a variety of activities extending beyond the classroom and earning for Washington a nation-wide reputation in all fields of endeavor; power to grow with the school and yet retire while still in his prime.

In recognition of the vision, resourcefulness, and power of this founder, builder, and director of our school and our community, we dedicate the Scroll Yearbook of 1947 to George J. Balzer.

This is the aide
That served the school
That George built.

"He who serves his school, serves himself." This adage is in keeping with the life-long policy of our former principal, George J. Balzer. His faithful service to Washington not only helped it to attain its place in the community, but set the example to be followed by faculty and students — as advisers and leaders, or monitors and aides. . . . To those who have contributed an exceptional amount of time and ability to the school during their stay here, the service key is presented upon graduation. To scores of monitors the service certificate proudly bears testimony as to their worth. . . . During the past year, a loyal band of workers has provided the crew with which Mr. Schardt has kept his school smoothly running upon the proper course. With each one doing his share and helping the other fellow along, the ship has run a straight course to its destination. The years to come will find Washington sailing onward, well manned by an ever faithful crew.

"In order to form a more perfect union, establish justice, insure domestic tranquility" . . . Applied by our Student Council, these phrases affect us 'Tonians every day. This body representing every club and class provides committees to sponsor the majority of school activities ;everything from posters ,announcements, and point-system cards to auditorium programs and dances claim their attention.

During the past year, our school sent representatives to and was host to the All-City Student Council. Through the lessons in democracy offered by this organization, students learn to be good citizens for today and tomorrow. Just as the Constitution is the cornerstone of our country, so the Student Council is the cornerstone of our school.

"Seeing is believing." The corps of eighteen visual-aid cadets demonstrate this daily with their timely films and slides. Their audio equipment has also proved most valuable . . . To the frantic loser of a pen, scarf, or wallet the Lost-and-Found is an essential part of our school. A close neighbor is the Library with its well-stacked shelves and capable staff. During the past year 800 new books, a teachers' reference secetion, new magazine racks, subscriptions to four metropolitan papers, and hanging copper flower pots were added. The value of our school aids is truly immeasurable.

To a visitor the office creates a fine impression with its freshly painted walls, venetian blinds, and individual desk lamps. The painting of Mr. Balzer serves as a constant inspiration to both faculty and students. The corps of industrious monitors spell efficiency for Washington. They sort and file data, open lockers, answer the phone, relay messages, assist at the counter, and otherwise aid the faculty and student body. Another corps of volunteer workers serve in the infirmary. Alternate teams, of two girls each, administer to our physical needs before and during school hours. These girls also assist the doctor and nurses in physical check-ups and records. It is impossible to estimate the valuable part our indispensable monitors play in keeping our school functioning smoothly.

There's no need to ask what's the news of the day if you take the Washington Scroll. As each Wednesday rolls around, students are called to their homerooms to get the latest. Our school paper gives a composite of all important functions as well as topics of general interest. When you see the Scroll peaking out of a notebook, the first thing you spot are the "ears" with their timely sayings. Closer investigation reveals club write-ups, the "Around-the-Dial" column, a complete and accurate sports section, a Popping-the-Question column, humor section, and enlightening editorials. The Scroll has merited a Pacemaker rating sixteen consecutive times, and during the past year gained once again highest honor in the Medill Award. Geered to this efficiency, the business staff aided by getting subscriptions, advertisements, circulation (some 1,740), exchanges with other high schools, and contact with alumni. What a proud feeling each 'Tonian has, for he knows "what's what" because of the Scroll!

SCROLL YEARBOOK

Now it can be told! If you have seen a student walking down the halls mumbling nursery rhymes to himself, you may rest assured he was not reverting to his kindergarten days. He was a member of the Yearbook literary staff, which has struggled for two semesters to produce the articles for this annual publication. The business staff handled the scores of subscriptions, collected the payments, and saw to it that the Yearbooks were distributed or mailed. The art staff planned, page by page, all the sketches that add so much to a book; they also made the diagrams and designed the cover. Blotters, posters, and a hilarious auditorium skit aided the publicity department in their campaign to tell what Uncle Remus said. The combined staffs say, "Here is the book we built, and now it is yours to enjoy for a long time."

Keeping an effective system running smoothly in a school as large as Washington is quite an art. The groups upon whom this responsibility rests have proved most capable of this great and important service. Some 280 monitors, along with the critics and student supervisors, contribute many hours promoting a better sense of fellowship and order among the students of this school. Wherever monitors serve — in the halls, study halls, pre-lunch rooms, cafeteria, and advisement department — there is mute but definite evidence of the faithful and efficient way in which these voluntary services are given.

Hickory, Dickory, Dock,
The stage crew now takes stock;
The house lights dim,
The plays begin.
Hickory, Dickory, Dock.

"Curtain going up; places, everybody!" As the curtain slowly rises, the audience settles back to enjoy another Washington program, whatever it may be. But do they pause to consider the efficient crews who keep things running so smoothly? The ushers with their colorful uniforms and cheerful smiles add a smartness, as they hand out programs and direct the seating. Meanwhile, the stagecrew quietly tests lights, puts finishing touches to the scenery, and sees that everything is in working order. Yes, the stagecrew and ushers help make possible the old saying, "The show must go on!"

This is the club
That developed the aide
That served the school
That George built.

Throughout his stay at Washington, Mr. Balzer repeatedly emphasized the importance of participation in extra-curricular activities. With the aid of his guidance, a wide variety of clubs was organized and authorized. From a nucleus of four, of yesteryear, we now have some sixteen clubs, all working, all striving, all competing to find some latent ability in the students of Washington. And after this ability is found, we find them again striving to develop and exercise this quality that has lain concealed. No matter what this ability may be, from taking pictures to giving an extemporaneous speech, Washington provides the club for its development. But these qualities must be molded and shaped with the proper guidance. But where you may say — in the classroom? At home? Yes, these places give some opportunity. But, Washington, look to your clubs, for they develop the cream of the crops.

"Oh dear, what can the matter be?" This might well be a question the outsider would ask upon hearing some dramatization by one of the foreign language clubs. For so long under Mr. Balzer's general coaching, these clubs have flourished with such themes as "German Culture," "Life in Old Rome," or a better understanding of the Spanish-speaking peoples. Films, songs, skits, and games are responsible for many entertaining and instructive gatherings. As part of the high educational standard, the clubs have now become an integral part of extra-curricular activities.

ALPHANEA

Wearers of the Pur-Gold A proclaim it's Alph meeting day . . . Every other Wednesday Alphaneans proudly flaunt the badge which proclaims them loyal members of Washington's earliest literary society. Each meeting offers something new, yet the high standard of entertainment is always maintained. Lively, educational debates are offered; original skits and jingles, readings, and musical numbers add zest to the meetings. Projects such as the Alph-abetical choice system and birthday-month groupings promote student participation. Alphanea also initiated a "Member of the Week" feature. In order to attain this honor, the person must have rendered valuable service to the club or the school. Talent, willingness, and capable leadership are among the qualities which keep Alphanea in its prominent place at Washington.

LINCOLN

What makes Lincoln Forensic Society such an outstanding organization? The answer lies in the many opportunities for social and educational improvement offered to its members . . . Among these benefits are learning how to think and decide wisely, getting acquainted with other students, and speaking before audiences . . . Skits, humorous debates, community singing ,and varied readings were presented to lighten the programs . . . Debating, the chief activity in Lincoln, offered such thought-provoking questions as: Should extracurricular activities become a part of the regular school time; Should the United States grant a loan to Great Britain; and, Should President Truman's Strike Settlement Plan be adopted. That's why you hear the members say, "I'm proud to be a Lincolnite!"

A forensic society of note which combines a host of educational and entertaining activities is Philomathea. Debates, panel discussions, extemporaneous speeches, skits, and music, form well-rounded programs. As a fitting climax, each semester, comes one of Philo's famed mixers . . . The debates, usually concerned with political issues, serve as a basis for more intensive team work. These give the audience, as well as the participants, valuable experience in good listening. To balance these serious discussions, radio plays and musical trios and solos serve to enlighten their minds . . . The man who originated the proverbial drop of water-grain of sand must have been a Philo, because no matter what one's interests are, Philomathea fills the bill.

STATE DEBATE

FORENSICS

One of the earliest convictions of Mr. Balzer's was the organization of a debating society to train young people to think. In the State Debate class, this ability is acquired through careful and diligent practice. The Varsity Squad, composed of Sandra Schmid and Carol Garfinkel, affirmative, and Lee Hiller and Jack Teplinsky, negative, debated the state question, "Resolved, That the federal government should provide a system of complete medical care, available to all citizens at public expense." They competed in the District Debate Tournament at Messmer High.

After meriting A's in the District and League contests, Sophie Pantazes, Sandra Schwid, and Corinne Silberman competed in the State Contest, in which Corinne placed A and Sophie, B. Three others who competed in the League Contest were Lee Hiller, Jack Teplinsky, and Harry Voight. Betty Jane Funk, Armin Greene, Louis Greenbaum, Flora Horowitz, and Barbara Schultz went as far as the District Contest . . . Those who competed only in the local were Beverly Gutglass, Betty Lipschutz, Sari Schneider, Carol Garfinkel, and Donna Roitburd.

Here we go to Alphanea, to Lincoln, Philomathea.
Here we go to learn to speak
To help our school attain the peak.

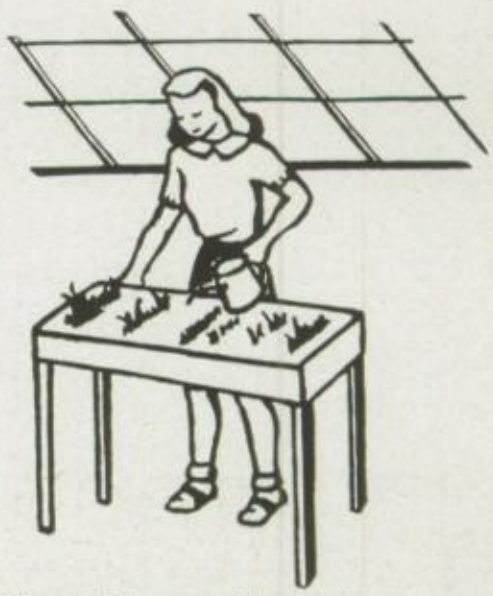
The Nature Study Club has been a source of inspiration to those interested in finding out the why's and wherefore's of nature's wonders. Lectures, demonstrations, and films have been only a few of the programs the naturalists have enjoyed at their meetings. A famous photographer and lecturer presented a much lauded movie on birds. A demonstration on dog training and a lecture on tropical fish proved to be of interest. . . . Through a membership in the Wisconsin Junior Academy of Science, the club has had not only a means of corresponding with other nature study clubs but also an opportunity to read in its small publication of the activities of fellow naturalists.



Mary, Mary, quite contrary,
How does your garden grow?

CHEMISTRY CLUB

To the uniniated, chemistry may be a mysterious business of smoke, flashes, and vile smells, but this idea is not shared by the knowing members of Chemistry Club. This organization is an extension of the chemistry classes, for the meetings are held to demonstrate practical applications of this branch of science to industry and everyday life. In this day of plastics and synthetics, practical applications are on every hand.

"Jack and Jill went up the hill to fetch a pail of water." . . . But, as any ardent member of the Physics Club will tell you, to get up that hill, they had to overcome $F = \frac{kmm^1}{d^2}$ plus the resistance due to friction. These future Newtons and Faradays learned about such things through the many interesting films, lectures, and field trips this past year. Radios, railroads, films, and airplanes claimed their share of attention from these young physicists. The highlight of the year was a talk by Dr. Elda Anderson, head of the physics department at Milwaukee Downer College, on her experiences in Los Alamos, New Mexico, at the testing of the first atomic bomb. Yes, since it was organized in 1921, the Physics Club has gone "up the hill" in knowledge.

To recapture the original beauty of a scene is the aim of every Camera Club member. Besides, the "Kodakers" are about the only ones who can boast a picture of our varsity eleven. . . . Twice a year, on "Portrait Night," the members get an opportunity to photograph a student model with all the trimmings. They also get a taste of friendly competition when they submit snaps for their club contest, with the hope of entering one of the national contests. This year, they took part in the Inter-High School Contest sponsored by Extension. Another profitable undertaking was a tour of the photographic department of the Public Museum. . . . The Camera Club looks forward to many more programs, trips, and informative meetings.

And knows not what to do!

An orchestra pit in the auditorium! This added space and convenience spell more power to the capable musicians of the Washington High orchestra. The versatility of this group was demonstrated throughout the year when renditions from many famous composers of today and yesterday were played with much skill and art. The positions in the orchestra are based upon tryouts which enable the director, Mr. Robert W. Erdman, to select from the group the sectional leaders. The public school contribution to the Centurama was aided by students from Washington in the All-City Orchestra.

The annual winter "Kiddie Concert" gave the schools in the district an opportunity to view Washington's orchestra in action. Also, as usual, friends and parents of these young musicians came to hear the excellently presented numbers of the Spring Concert. Such pieces as "The Polevetzian Dances" by Alexander Barodin, and the first movement of Joseph Hayden's "Military Symphony" were presented. No auditorium program is complete without music, and several times during the past year the orchestra provided appropriate selections. The orchestra has maintained a prominent place in Washington during the past year.

Left! Right! Left! Right! Not a drill, but our band playing us into the auditorium. Maybe it's for a pep rally, or a lecture. But whatever it is, we can expect some choice musical selections. Our school band, under the leadership of Mr. Robert W. Erdman, has developed into an organization capable of presenting a high grade of music. The progbrams this year have been numerous and unusually well rendered. The greatest musical event of the year was the Spring Concert. This annual custom presented the results of the year's hard work and study and proved gratifying and successful.

The marching band was an essential feature at all football games. Their snappy drum cadence and catchy tunes roused the crowd's enthusiasm. Days of concentrated practice resulted in smooth marching and snappy formations. Among other special appearances made by the band during the year were the concerts for the students of neighborhood schools, the teachers' convention at the Vocational School, and the Wisconsin Forensic Society, and the Teachers' Institute. The band has once again attained its goal of the year — to furnish the school with the highest standards of musical entertainment.

And a merry old soul was he;
He called for his drums;
He called for his horn;
And he called for his clarinets three.

Sing a song of six pence,
A pocket full of fun;
Four times twenty songsters
Make the fourth floor hum.

A Cappella, one of the purest forms of musical expression, is very old. Our school's A Cappella Choir links the musical past and present by carrying on the tradition of singing unaccompanied ecclesiastical music. Often, though, they are accompanied by the organ or the piano in such secular music as love songs and novelty pieces . . . As is the custom, the choir caroled in the halls before Christmas. Our school celebration would be noticeably lacking without these simple everlasting carols sung so beautifully. One crisp December night passers-by in the downtown streets heard the voices of our schoir over a public-address system from the second floor balcony of the Plankinton Arcade. In Spring the choir presented a program of delightful numbers as part of the musical event of the year — the Spring Concert.

A CAPPELLA

A Cappella was represented among the six hundred choristers who took part in the public schools' contribution to the Milwaukee Centurama and the Easter Sunrise Service at Washington Park . . . The success of these chosen few is due largely to a sincere interest in vocal music. A rehearsal usually starts by vocalizing in order to prepare for the selections to come. Sometimes a member of the choir steps up to the podium and leads a song. Besides helping the individual to understand the intricacies of the directing, it benefits the whole group in following the idiosyncrasies of their maestro, whoever he may be . . . We are justly proud of our A Cappella Choir and their leader, Mr. Fred Smith.

"All the world's a stage, where every man must play his part . . ." In thirty-two years our dramatic club has come a long way in providing entertainment for pupils and public. However, the primary purpose of the Washington Players is not to entertain, but to teach and give experience in dramatics. Such fundamentals as breathing, pronunciation, enunciation, posture, and stage technique are taught to the Thespians through interesting talks and demonstrations. Climaxing the Players' busy year was their first public performance in four years — a performance of Cornelia Otis Skinner's hilarious comedy, "Our Hearts Were Young and Gay."

Ask any boy what the best club in the school is, and the answer will almost invariably be, "Why, the Boys' Club, of course!" The Boys' Club, originally organized by newsboys as the "Street Traders" in 1916 to prevent violation of the Street Trade Acts, has greatly expanded into a social club, now devoted to the purpose of furthering social contacts, promoting better scholastic standings, and providing entertainment of masculine interest. This last is easily supplied through talks and movies on various sports, outside speakers, talks by the members on their many interesting and varied hobbies, and student bands. The movies and talks are entertainment well received. They are usually on baseball, football, basketball, or some other current sport. Several "Sports Highlights of the Year" have been shown recently.

Feeling that "Street Traders" is too limited a title, the club decided last year that the membership should be opened to all boys, and not just to those who work after school . . . The benefits of the Boys' Club are many. In which other club can you learn up-to-date information on the art of scouting, or some fine point in the field of sports? . . . Before a meeting the whole lower floor of the Auditorium is filled with boys eager to get started with the bill o'fare, waiting for the signal from the single woman in charge of these 600 boys . . .

This is the athlete all brawn and brain
That fought to bring home honor and fame
And special glory to the club
That developed the aide
That served the school
That George built.

Yes, here are the athletes that have won the glory for the school that he built. Encouraged by his interest in its activities, the sports department, during the thirty-five years Mr. Balzer was principal, developed into one of the finest in the city. He shared the pride of the students and coaches — yes, the entire school — as year after year Washington continued to turn out champions. Football was the first sport to be introduced at Washington — back in barrack days. Cross country, track, golf, tennis, swimming, wrestling, and basketball — each has claimed attention as the school has grown. The girls, too, have enjoyed their share in the development of sports at Washington. Today, the girls' athletic department, organized as Wahiat, includes such sports as basketball, table-tennis, volley-ball, badminton, baseball, and shuffleboard. Both girls and boys at Washington enjoy good sportsmanship and clean-cut competition as a result of the standards set by Mr. Balzer and his associates.

COACHES

With the winning of the 11th City Conference Title under the coaching of Mr. Blackbourn, an era has ended. With pride, it can be pointed out that Purgold elevens under Coach Blackbourn reached an overall total of 134 victories against 27 setbacks, a truly admirable record.

In the 22-year tenure of Lisle Sr., an impressive list of stars was formed. Among them, Pat Harder, Doug Renzel, Howie Boese, Milt Trost, and Wally Cruice, just to mention a few, were coached by the "maker of champions."

Though he has resigned his post as football coach, Mr. Blackbourn will continue as the physical education department head, director of athletics, gym teacher, golf and basketball coach.

Coach John Powers will replace Coach Blackbourn in the coming football season. Mr. Powers served as line coach for 11 seasons during the period of 1934-1947, except for the two years he was in the navy. We give heartfelt thanks to Mr. Blackbourn for the fine job he did and extend best wishes for successful seasons to Mr. Powers.

Coach Blackbourn's Purgold varsity out-scored their opponents again in winning seven out of eight games to secure the City Championship.

Custer

In the first game of the season, the Washington eleven rolled a 38-7 victory over an over-confident Custer eleven. Our school's team, spark plugged by Howie Miller, Larry Coles, and Captain Bob Peters, had an easy time most of the game. Utilizing the policy that "opportunity knocks but once," our varsity made good use of the few fumbles that Custer dropped.

North

Using an accurate and powerful aerial attack, our Purgold eleven out-bombed the "Blue Devil" squad to win the game 20-0. Besides the snappy attack our gridiron squad also used a crushing ground offensive. Larry Coles and Howie Miller made the scoring touchdowns. A tense moment occured when North made a nearly successful bid to score near the end of the first half.

LINE

West

Smashing line plan and shifty backfield work resulted in the Blackbournmen's crushing the West Redmen. The snappy signal caller, Wally Vogeler, sent Henes, Van Eerdan, and Larry Coles over the line four times for the 28-0 victory tally.

Bay View

Trampling Bay View in the fourth win of the season by a score of 27-13, the Washington powerhouse provided many exciting moments at South Stadium. For the first time in the season, Coach Blackbourn really cleaned the bench in giving the reserves a change to get in the game. May, Vogeler, Truss, and Coles provided the touchdowns, putting our team in the undisputed lead for the Championship.

Pulaski

The powerful Washington line and speedy backfield drowned out the Pulaski Ramblers by a score of 50-0. The highlight of the game was tackle Dick Hartman's 60-yard field goal on the kickoff in the second half. By now Pivar, Gettle, Coles, and Laev were well on the way to their All-City berths.

East

On a fog shrouded field came the spectacular and unexpected upset in which Washington lost to the East "Bengals" 13-7. Bad luck seemed to reign for the Purgold eleven when quarterback Wally Vogeler was carried off the field with a dislocated elbow. The line did a "never-give-up" job during the entire game, but the backfield was nearly immobilized by the muddy field. What might have been the winning touchdown for Washington, a pass play between Coles and Laev, was called back on a penalty during the last ten seconds of the game.

Tech

Avenging themselves for their loss the preceding week, our team quickly smashed the Tech "Boilermakers" in a 35-0 win. Henes, Zuege, Miller, Truss, and Peters scored the winning touchdowns.

Rufus King

In the last and also the Homecoming game of the season, the Purgolders annexed the Championship crown by defeating a stubborn King eleven 38-9 at the fob bound North Stadium. A record crowd of 16,833 watched the most crucial game of the season. Our eleven really set the ball rolling in the second half with a series of passes and plunges that completely overwhelmed the Kings. The game, which gave Washington the undisputed conference title, broke the triple tie jinx of the preceding two years.

Under the able direction of Mr. Gettle, our B-team had another successful season this year. With his excellent coaching, the team was able to win four out of its five games to win its second City "B" Championship.

The B-team's first game was a thriller. Their opponents, the North B-team, lost to our "Busy Bees" by a score of 13-0.

The next game with Lincoln proved another victory for our "Galloping Jarvies." This hard fought game was wrested from the Blue and Silver by a score of 14-6.

Running true to form, the "Jarvies" displayed their ability by outpointing the South eleven by a score of 25-7 in the next game.

East was the next rival to fall under the flying heels of our B-team. The "Gettle Clan," playing a highly spirited Riverside team, smashed to victory by defeating the "Orangemen" 13-0.

A welcome rest was earned for the team when the Tech game was cancelled the following week. The "Gettlemen" suffered their only defeat at the hands of Pulaski. The game, which was the last in the season, was played on the victor's field. The score was Pulaski 13, Washington 7.

Pulaski's victory, however, was not enough to prevent the "Gettlemen" from winning the City "B" Championship.

"SOPH" FOOTBALL

The Sophomore team, under the direction of Coach Vallier, won four out of six games, tied one, and lost the other.

The first game of the season, played with West, was one of their best. Losing 12-0 at the helf, the "Valliermen" came through to defeat the West team 21-12.

In their second game the "Greenies" had another exciting time. This game was played with North. The score was 7-6 in favor of our "Sophs," indicating the closeness of the battle.

East was the next victim to fall. They were defeated by a score of 6-0.

"The Mighty Sophs" took their next game with Custer right in stride. Both of the "Greenies'" tallies were made in the first half, and they were able to retain their lead to defeat the "Redmen," 14-0.

Our battling Sophomore team played their only tie game with Pulaski. The score of this contest was 0-0.

Juneau was the only team to defeat our "Sophs" this season. 15-7 was the score of this final game of the season. Lowell Jahns, Ralph Polenz, and Lloyd Welton were among the more promising sophomores this year. The ability of these and others will add greatly to the strength of our "B" squad next year.

In the season opener, Washington hill-dalers, coached by Mr. Goodearle, dropped the meet 36-20 to East on the Riverside course.

Cripped by the absence of Bob Mason, our boys lost the West Allis Central Meet 77-60.

In the first triangular meet of the season, the Purgolders bowed to Rufus King 44-26, and triumphed over Pulaski 44-65. Bob Mason took individual honors with a 9:38.8 time. Bob Skacel and Bill Holzhaeuser also placed for the Tonians.

Showing the lack of more high-placers, the Tonian hill-dalers were tripped by the Bay View runners 31-24. Masong again placed first; with Skacel, Ernst, Haas, and Holzhaeuser placing.

In the second triangular meet, Washington hill-dalers toppled the Lincoln and South cross countries 23-35, 26-29. Mason, Skacel, Ernst, Haas, and Holzhaeuser were the high placers for the Tonians.

Sharing the runner-up second place in both the North Sectional and All City meets, Washington presented strong material for the State Meet.

In the last meet of the season, the state event, the Tonian hill-dalers outplaced all other teams except Wauwatosa to get the coveted second place with 101 points to Tosa's 84.

"B" SQUAD

Our "B" Cross Country Squad won eighty per cent of their contests last fall. This was accomplished with a strong team built up by an excellent coach, Mr. Stewart Goodearle.

The team lost the first meet. King defeated them 22-29. This, however, was the only loss suffered by the hill-dalers.

Avenging the defeat received in their first meet, the Tonians came back with a smashing victory over Lincoln 19-43.

Riverside was the next victim to be "run over by the Tonian hill-dalers. The score of the meet was 17-47.

The West Allis Central team was also unsuccessful in its attempt to joustle the Purgolders, being defeated by a score of 23-47.

The last conference team met by our "Bees' was Bay View. They bowed to the Goodearlemen 21-35. Our team placed third in the City Meet, with 85 points.

Coach Derrwaldt led the swimming squads in another successful season after an absence of several years. In the season opener, Tosa's championship swimming squad downed our Golden Tide finmen, 54-29.

The next meet, in which our finmen swam against Tech's boilermaker squad, resulted in another defeat for our mermen. Though the power of Dick Garland, Dick Thurrell, and Al Smith showed itself in the number of first places won, it wasn't enough to offset the loss of 45-38.

In the first victory of the season the Tonian splashers tripped the North squad 53-30. High scorers were Dick Thurrell, Al Smith, John Roy, and Dick Garland.

A turn of events in the fourth conference meet against Bay View resulted in defeat, 54-29.

The first meet of the 1947 season was a damaging loss at the hands of South, 47-36. Though the score didn't look good, three firsts were taken in various events.

The Little City Meet gave out a third place for the Tonians, a meet with Pulaski was dropped 56-27, and the City Meet resulted in a fifth place for our "splashers."

In the concluding and State Meet of the season, Washington captured a seventh place. The point-getters for Washington consisted of Bill Hoehnen, Russ Whitman, Dick Garland, and Captain Dick Thurrell. All were in the relays.

LETTERMEN

Completing a fairly successful season, the '46-'47 basketball squad missed the two stalwart lettermen, Wally Laev and Danny Holzman, who both were mid-year graduated. Both Laev and Holzman played in the forward position.

The '46-'47 team boasted of six others besides Holzman and Laev, that were returning lettermen. They were Mueller, Derrwaldt, Grindrod, Peters, Reuter, and Truss.

Center Bob Peters was named as a member of the Sentinel All-City team and he received honorable mention in the Journal selection. In the city scoring championships, Peters received 108 tallies to berth fourthp lace in the North Section. Besides captaining several of the games, Bob also captained the Varsity Football squad to a successful season.

The lettermen named this year were Danny Holzman, Wally Laev, Tom Truss, Bob Peters, Dick Derrwaldt, Don Stanek, and Ralph Polenz. Others completing the group were Don Grindrod, Dick Mahnke, Bruce Mayer, Bill Reuter, and Warren Mueller. Of these Mayer, Stanek, Polenz, Mahnke, Grindrod, Reuter, and Derrwaldt will return next year. The managers Bob Skacel and Neil Boucher also received their "W" emblems.

LETTERMEN

Non-conference

Coached by Mr. Blackbourn, the '46-'47 basketball squad faced twelve rivals, ten of which were conference tilts. Mueller, Derrwaldt, Grindrod, Holzman, Laev, Peters, Reuter, and Truss were the returning lettermen from last year's squad.

In the opening non-conference game, the Washington bucket brigade lost out to Wauwatosa, 43-20, in a hotly contested battle. Though the ball was really flying in the last half, Washington lost out because of the terrific midway deficit. Bob Roozen, Danny Holzman, and Bob Peters were the leading Tonian scorers.

In the second non-conference game, the Golden Tide Quintet downed the South squad, 43-42. Displaying ability and team work throughout the entire game, our team was composed of only members who will return next year. Leading the locals was Dick Derrwaldt with eleven counters. Don Stanek, Bruce Mayer, Dick Mahnke, and acting Captain Don Grindrod also scored for the Boulevard Boys.

East

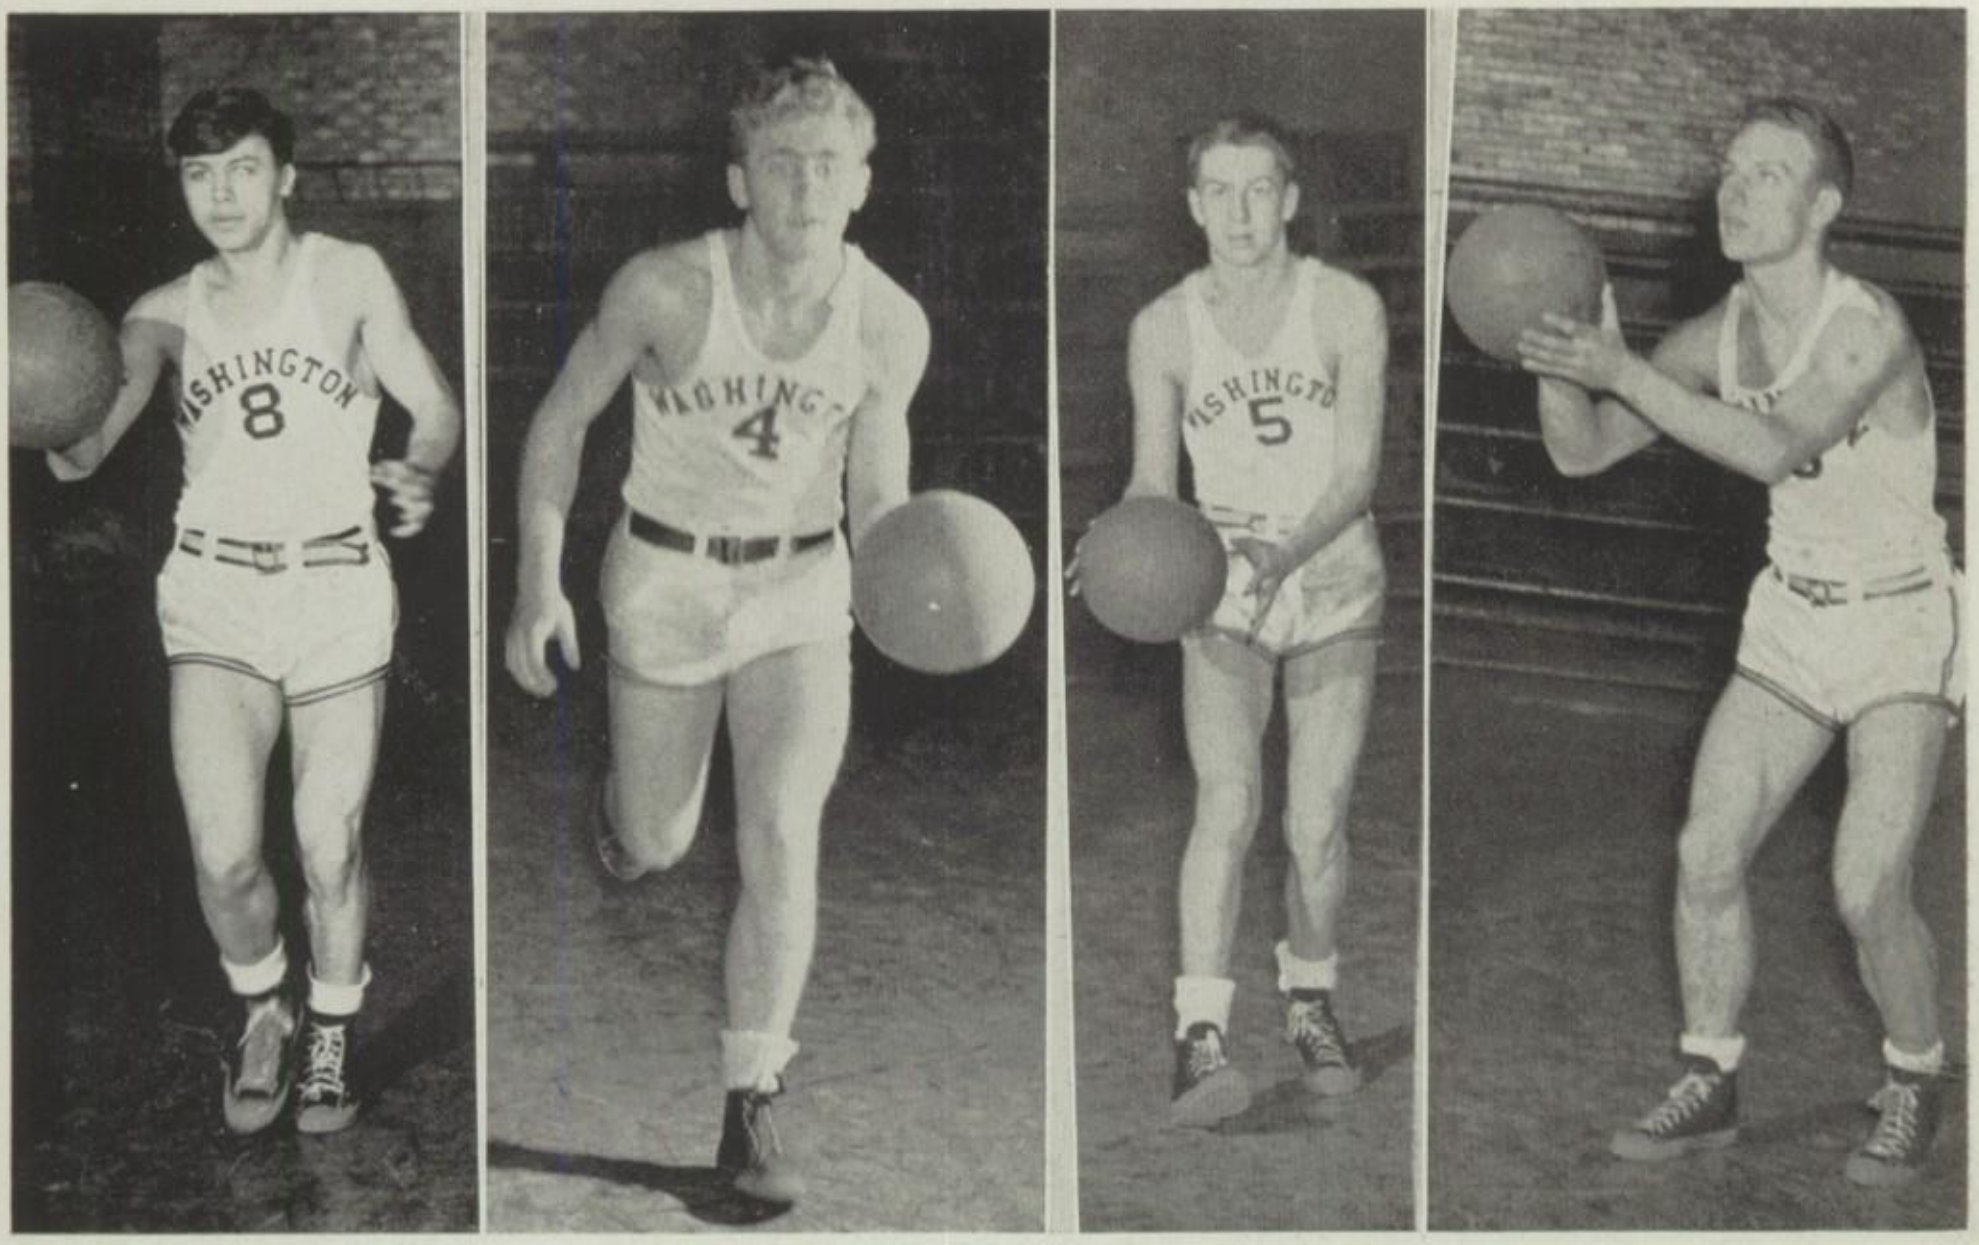
Out-gunned by a speedy East Division quintet in the initial conference start, 51-15, the Tonians just didn't have "it." Ineffective Purgold shooting proved the deciding factor.

The second game failed to break the Orange and Black jinx. In a hard fought game the Eastmen again sneaked in a few quick shots to win the game by a score of 32 to our 29.

West

In a spectacular upset against the Westmen, the Purgold quintet upset the Redmen when they had closed our lead to 38-37; but a few quick buckets by Mayer, Mahnke, and Peters cinched the game for us.

The top-notch scoring of Bob Peters didn't save the second game for us. Early scoring by West immediately put our team at a disadvantage. Teammate Dick Derrwaldt backed up Peters with eight scorers.



R. POLENZ D. GRINDROD W. REUTER R. PETERS

LETTERMEN

Custer

The third game of the season resulted in a win of the Tonian brigade over Custer's basketeers, 46-24. Center Bob Peters scored 13 tallies, Holzman and Mueller also backed him up with high points.

Repeating the victory over Custer in the second match, the Tide Quintet lashed the Custer Hardwooders, 62-41. Peters and Mueller scored 31 points between themselves as leaders of the Purgold offensive. A total of 40 markers were earned in the second half. Derrwaldt, Truss, and Grindrod came through with some excellent playing.

North

North received a surprise when they tackled the Tonian "bucketeers." The surprise came when the Holzman, Peters, and Grindrod clan turned the tables on the Blue Devil squad, 38-28.

Killing our hopes for the Championship, North put the damper on our spirits by defeating our quintet, 54-33, in match number two. Leading scorer for Washington was Peters with six points. Injuries to Dick Mahnke hampered us in the center spot.

In the first home game, the Kingmen downed a spunky Golden Tide, 47-39, in a wild battle.

The second game played against King resulted in a firm trouncing. The fast-breaking, sharp-shooting Kingmen outplayed our boys, 64-44, in a game that really had the fans in the stands jumping.

"B" SQUAD

The "B" basketball team was under the direction of Coach Archie Hecht this season. Although the tea mlost all of their games, they gained much through experience. The Tonians were not a push-over for their opponents. Each game was hard fought, and the team played to the best of their ability at all times.

Jarvie emblems were earned by Bob Brockman, Tom Endter, Don Hoeppner, Lowell Jahns, Wally Naab, Dick Ove, and Gerald Pagel. Other lettermen were Edward Riemer, Dick Pusch, and Bob Swenson.

These stalwart lettermen and others, will be glad to get the chance to earn their revenge in the forthcoming season.

SOPH SQUAD

The Soph basketball squad, coached by Mr. Archie Hecht, had a fairly successful season. Thirty per cent of the scheduled games were won by the "greenies."

The Sophs came out on top in three of their contests. They trounced West 21-11, they defeated King 28-17 the first time they played them, and Custer fell before them 24-19 in the second match with them.

The following Sophomores garnered emblems: Billy Appel, Dave Carstens, Jim Davies, Dick Edward, Don Grugel, Walter Huber, and Cliff Knudten. Other Soph lettermen were Jim Kolins, Tom Laughlin, Phil Paley, Fred Perchonok, Cliff Pitts, Fred Ruos and Lloyd Welton.

The Hechtmen played well throughout the entire season. Even though they didn't win a city championship, they gained experience which will make them excellent material for our Varsity and "B" teams next season.

The 1946 Tennis Team under the coaching of Mr. Arno Froehlich, had a fairly successful season, winning six of the ten games played, but it wasn't quite as good as the previous year's record. Captained by veteran player Warren Mueller, the team showed ability and the results of good training.

The two suburban meets against Whitefish Bay and Wauwatosa resulted in losses for both of the encounters. These two matches were played too early in the season to show what the Purgolders had on the ball.

In the eight Conference games played, two matches against Juneau and East were lost. The City preliminaries and finals were won by the Washington "Racketeers."

Returning lettermen Lyle Voge, Warren Mueller, Richard Franklin, Jim Shapiro, and Don Braun came up against eight contenders in the 1947 season. Washington's 1947 schedule included Pulaski, South, Lincoln, East, and Juneau, with King as the last rival before the City Meet.

GOLF

Heading the 1946 Tonian Linksmen for another successful season, Mr. Blackbourn coached the golfers into winning most of their games. Captained by the most consistent low shooter, Tom Veech, the team played ten conference matches.

Spark plugged and captained by Tommy Veech, the team also had the benefit of two other veteran lettermen, Bill Waite and Gary Hanson.

A quick summary of the season showed that the Purgolders won seven of their conference meets including the City Meet, but placed second to Tosa in the State Meet. Non-conference games were played twice each against Hartford and Marquette.

In the '46 season a new system in which one of the team members would be both the captain and coach was inaugurated. Tom Veech was elected for this honor.

Named as '46 lettermen returning for the '47 season were Tom Veech, Bill Broderson, Neil Boucher, and Russ Whitman. Losses through graduation included Howie Miller, Tom Kells, Bill Waite, and Gary Hanson.

Snaring victories in every meet of the 1946 season, Coach Goodearle's trackmen outran all the nearest rivals to come out as the victor in the all important State Meet.

In the first dual meet of the season, Washington's trackmen trampled Port Washington 84½ to 28½. Very good results were turned in for the dashes, hurdles, distances, and weights. Tom Truss started the ball rolling with a 9.1 second victory in the 70-yard high hurdles; Verne Eastman backed him up in third place. Lisle Blackbourn placed first in the century with a 10 second run. Ringing up the points which clinched the distance runs were Bob Mason and his friendly rivals Gordon Eastman, John Ernst, and Jim Fletcher. Completely outthrowing their opponents, Bob Pivar and Red Wilson grabbed the weight titles and confirmed our victory over Port.

Winning 12 victories in the various events, the Washington Spikeshods ran down the "Generals" 81½ to 31½ on the King oval. Blackbourn, Ernst, Eastman, Mason, and Wilson spark-plugged the event which prophesied the victories of the future.

HURDLES
SPRINTS

1946 NORTH RELAYS

Struggling hard, the Purgold trackmen pounded out a 92 point victory against King, East, West, and North in the North Section Relays. High points were garnered in the hurdles, weights, and distances. A new record was set in the low hurdles by Truss, Dettman, Siegel, and Blackbourn. Two-tenths of a second was trimmed off the old record to set a new mark of 58.5 seconds.

1946 CITY RELAYS

As forecasters predicted, our trackmen ran away with the City Relay Championship with a total of 73 points. Lincoln and King proved to be the toughest competitors having 60 and 59 points respectively. Washington garnered some of the best performances in broad jump, discus, distances, low hurdles, and relays. One of the sensations of the meet was Bob Mason's spectacular bid for first in the mile run. He was closing a 50-yard gap between Washington and King only to fall down just before the finish line.

1946 STATE SECTIONAL

Capturing eight first places in the State Sectional Meet, Washington rose as one of the "most likely to succeed" in the race for the State Championship. The opponents were outclassed in the dashes, hurdles, distances, and in the field events. Paced by Blockbourn, Siegel, Mason, and Wilson, the "thinlies" qualified 16 men in 12 events for the coveted State crown.

1946 STATE MEET

The relentless pounding of our "thinlies" on the oval of Camp Randall at Madison dispelled any doubts about Washington's capturing the State crown. Again Blackbourn, Siegel, Mason, and Wilson starred by gathering 34 points among them to assure our seventh State Championship. Blackbourn's outstanding performance in winning three firsts was something that is seldom equaled. His firsts in the 100-yard and 200-yard dashes and also the broad jump netted over half of the winning points.

DISTANCES

1946 CITY MEET

In the concluding meet of the season, Washington again showed its all-around power by winning the City Meet with 59½ against the 45½ of the nearest threat, Lincoln. High points were obtained in the distances, hurdles, weights, and the dashes.

In view of the record of our track team it can be truly said that the fellows really did a "bang-up" job in all of the meets encountered in the 1946 season. All credit possible should be given to the team and their coach, Stewart Goodearle, who developed a well rounded aggregation.

WAHIAT

This year the girls of WAHIAT have participated wholeheartedly in basketball, volleyball, baseball, and track. They competed with each other in ping pong, shuffleboard, and badminton which completed the well-rounded program of this year. The girls enter into these sports with a feeling of team work and cooperation, but they realize the need of coordination and fair play, also.

WAHIAT, even though it is an entirely athletic organization, elects officers as the other clubs of Washington. They are elected on their good sportsmanship, ability, and interest, and serve for two semesters. Their duties during their terms of office are to assist in collecting dues and planning activities.

Members of WAHIAT, during their stay at Washington, receive points for being on championship teams, regular attendance, refereeing games, and serving as officers. The senior girl with the most points is awarded a Gold charm. Next highest receives a silver charm. Other girls who are high are given pins.

This year the members of WAHIAT elected Barbara Paleen as the outstanding athlete of the graduating class. The basis on which she is chosen is her ability to play well, leadership, and good sportsmanship. She is honored by having her name engraved on the Principal's trophy.

Top Row: Dorothy Miller, Delrose Green, Betty Wolfe, Arlene Nelius, Gloria Bemis, Shirley Werth.

VOLLEYBALL

The volleyball games this year have all been quite exciting, but the championship game played between the Mix Masters and the Dukes was especially good. Both teams were evenly matched, but the Dukes displayed greater endurance and finally won. The Mix Masters were captained by Fern Stock, while the Dukes were captained by Audrey Stanek.

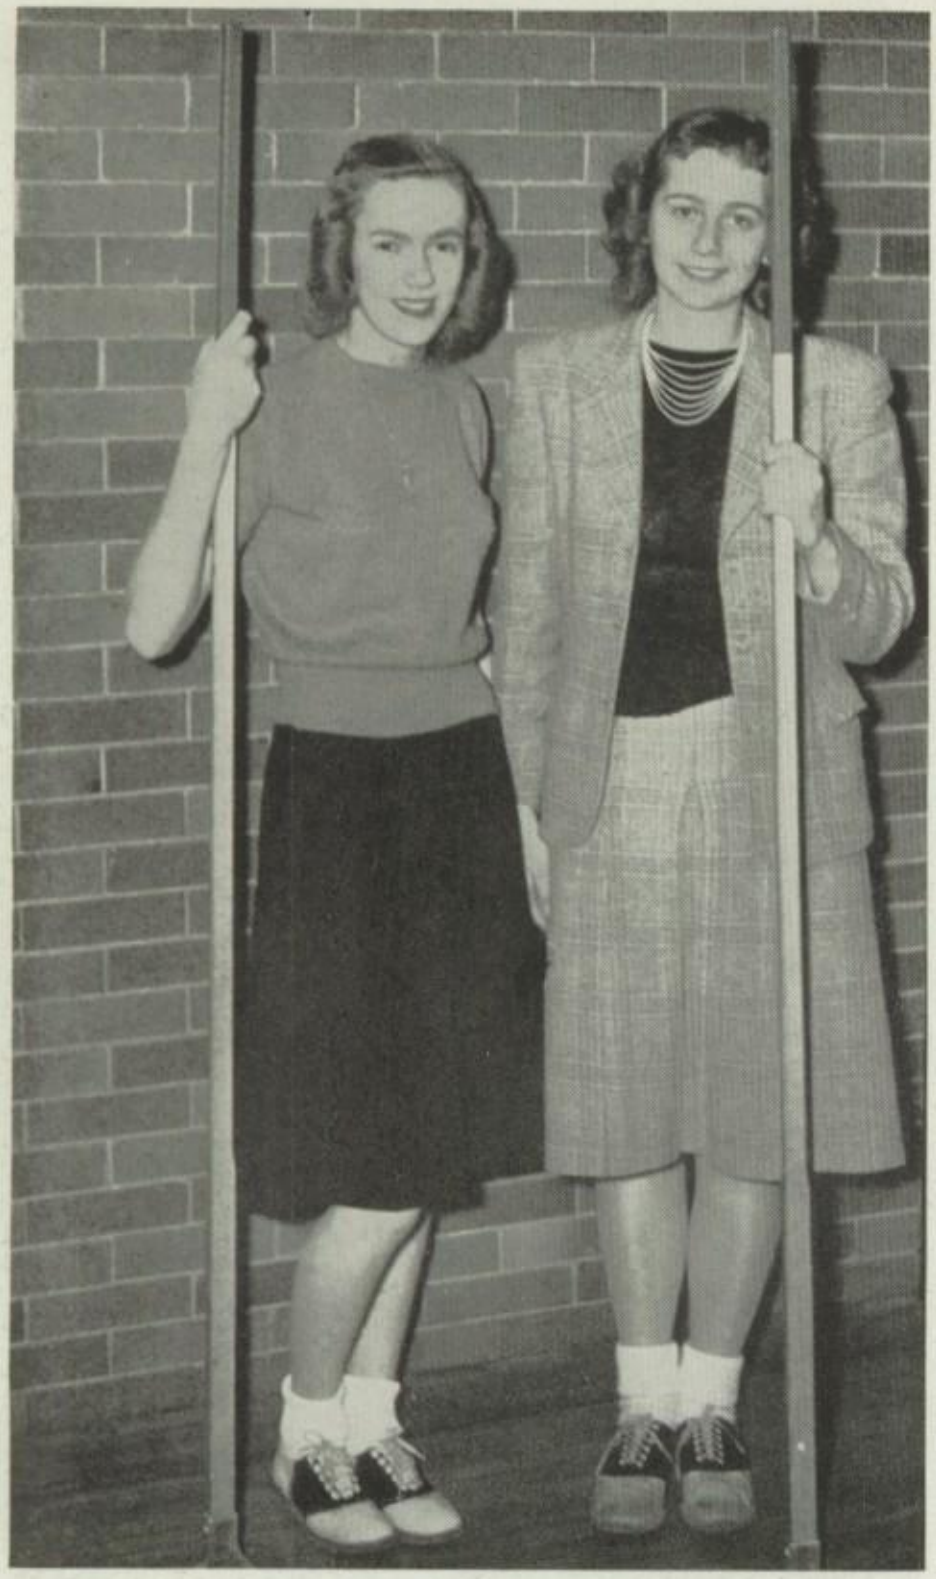
As in the past, there was a large turn-out for the volleyball series. The girls really entered wholeheartedly into the competition and enjoyed the clean fun had by all in WAHIAT.

Top Row: Lauretta Lindstrom, Janet Granberg, Arlene Nelius, Helen Lakich, Annette Ahlstrom. *First Row:* Nancy Anderson, Emile Horn, Geraldine Bartz, Pat Pfeiffer, Constance Kleist.

BASKETBALL

The basketball championship was won by an up-and-coming sophomore team. After an exciting and close game, the NAVY emerged victorious over the DUKES, a junior team. The "CHAMPS" include the following: Barbara Bautz, Joyce Bickler, captain, Marilyn Cook, Marlene Diers, Janet Granberg, Shirley Hartung, Janice Jaquith, Theodora Manos, Shirley Miller, Nancy Ristow, and Lois Thierfelder.

This year there were ten teams in the series. As each game was played, one team was eliminated until only the champion and runner-up remained. The teamwork and cooperation displayed by NAVY proved to be too much for the DUKES, and the "SOPHS" really deserved the Crown for the 1947 season.



Jean Gelhausen, Bernadean Van Engel

SHUFFLEBOARD

Have you ever wondered what those triangular shaped figures on the girls' gym floor are for? If so, stop your wondering, for you're about to find out. They are used in the ever popular sport shuffleboard. This year, following a series of elimination games, the team of eean Gelhausen and Bernadean Van Engle defeated Rae Ginsburg and Barbara Paleen to win the championship. The game was close, and the lead changed hands many times. The teamwork and skill of the "champs," however, proved to be too much for their opponents and Jean and Bernadean won. Congratulations to both of you!

BADMINTON

Badminton calls for plenty of real athletic skill and stamina. The many girls who feel at home on the badminton court with their rackets and shuttlecocks have reason to be proud of their outstanding efforts.

Badminton was played as long ago as 1873; but, because it did not gain much popularity until the 20th century, it is now considered a modern sport. The first, which might be called International Match, was held in 1903 between players of England and Ireland.

The name of the game comes from the small village of Badminton, Gloucestershire, England, where the Duke of Beaufort introduced the sport. This game demands certain athletic abilities and skills. Some of these are speed and staying power, quick judgment, ability to vary the pace and technique, power to "smash" the shuttlecock with a strong down drive of the racket, and delicate control to "drop" the shuttle just over the net without giving even the speediest and most skillful opponent a chance to "follow through."

PING PONG

This year the ping pong championship went to Delrose Green after a hard-fought battle with Joanne Williams, runner-up. Del won the first game, but lost the second to Joanne who really displayed fine spirit. In the third game, however, Del made a spectacular comeback to win the crown for the 1947 season.

During the past season more girls have gone out for ping pong than in any previous year. They were eliminated one by one until only the champion and runner-up remained. By the time the final game was played these two certainly had proved their ability, and they are to be congratulated on their fine playing.

Delrose Green, Joanne Williams

BASEBALL

"Take me out to the ball game." Yes, we've all sung it many times, and this season the girls really started out with a home run, crash, bang! Because they have to play the games in the gyms, the girls cannot display their real batting ability and other skills, but the games are fun and exciting for both spectators and players.

Like all the other contests of WAHIAT, the baseball games are played in an elimination series. That is, as each game is played, one team is eliminated until there are just two teams playing. This game is the championship game. Consolation games were also played by some of the losing teams. The games are played between teams who lost in the eliminations. The consolation games were only in fun, and fun was really had by all.

This is the scholar wearied and worn
That cheered the athlete all brawn and brain
That fought to bring home honor and fame
And special glory to the club
That developed the aide
That served the school
That George built.

CLASSES

The dictionary defines a class as a number of students who are taught together. But classes at Washington are more than a group assembled in one subject area. From the time a sophomore enters until he dons the cap and gown, he realizes he is part of a whole—a whole composed of the entire student body from all classes. But more than that, he finds himself bound to a smaller organization—his class. He is proud to be a member of his class. Belonging to a small group gives opportunity to bring out innate qualities of leadership and personality. But the loyalty to class does not detect from school devotion. Quite the contrary, it adds to it and makes it a more glowing personal thing. From the time Mr. Balzer gathered the first 'Tonians before him to the present day, Washington classes have stood true.

CLASSES

This is the senior much informed
That led the scholar wearied and worn
In cheering the athlete all brawn and brain
That fought to bring home honor and fame
And special glory to the club
That developed the aide
That served the school
That George built.

As the strains of *Pomp and Circumstance* summon the seniors to the auditorium for the last time, they realize that this marks an end and a beginning. Oh, yes, they may seem high and mighty to the new sophomore; but deep down, the Seniors are just a little bit jealous. These others still have the years that are filled with dances, hard work, and cokes with their friends. The Seniors have had all this: they've experienced all the joys; they've acquired the fast friends that come from sharing common problems. Now they are ready to go forth on their own. They have studied, yes, worked hard to be able to walk down the aisle to the strains of *Pomp and Circumstance*. The school is proud of its Seniors and is only too willing to follow the good examples they have set. To them we say a simple, "Thank you, Seniors."

WINTER SERENADE

This is the teacher that formed the laws
That led the scholar wearied and worn
In cheering the athlete all brawn and brain
That fought to bring home honor and fame
And special glory to the club
That developed the aide
That served the school
That George built.

"Teachers! Teachers! Calling all teachers! A new school is being built by Mr. Balzer and a staff is urgently needed." This might have been the plea our first three teachers answered in 1911, when eighty-five students came seeking education. As the years rolled on, more and more students walked up the steps of Washington, and more and more teachers filled the spacious rooms until the total of ninety was reached. Today, seventy-two men and women strive to help each individual student find himself and develop his talents. That is quite a chore; but our excellent faculty has ably worked toward this goal. As Washington looks back, it will be discovered that not only has a school been built, but a community has been developed through the guidance of our teachers, who have so nobly led the way.

faculty

FLIGHT

From South, West, East to Washington he came — to direct our school. With a record as a track star at South, he raced from high school meets — to national competition on the University of Wisconsin's track teams — to the International Olympics in Belgium. As a First Lieutenant he gave service in World War I and rose to the rank of Lieutenant Colonel in World War II. In his few short months as director of Washington High, he has won the respect and friendship of the entire school. And now he belongs to us.

Miss Keuper

Miss Rosenfeld

TRIBUTE

Joy of accomplishment and satisfaction of service should be in the hearts of these two friends of youth, Miss Leila Rosenfeld and Miss Orma V. Keuper. Since the organization of Girls' Club in barrack days, Miss Rosenfeld kept a close contact with the student body, having most recently served as attendance teacher. The Yearbook staff, as well as her classes, were inspired by her cultural background. The originality and keen mind of Miss Keuper have made her classes noted for excellent student-work programs and have brought inspiration and joy to countless Alphaneans. Helping to build the reputation of our English Department, these teachers have brought real enjoyment to literature. To these outstanding faculty members, we extend our gratitude and best wishes.

These are the scenes within the halls
In which the teacher formed the laws
That led the scholar wearied and worn
In cheering the athlete all brawn and brain
That fought to bring home honor and fame
And special glory to the club
That developed the aide
That served the school
That George built.

Into the past year was crammed a great variety of activities comparable to a whirling merry-go-round. Out of that whirl came football games, hops, proms, mat dances, skits of all types and purposes. . . . *Beat King! Come to the Basket Ball! Uncle Remus says, "Buy a Yearbook!" Dance to the Winter Serenade! Come to Magnolia Manor!* These doings were well balanced by the more serious auditorium panel on Wisconsin authors and a talk on Junior Achievement. In accompaniment was a spirit of friendliness and good fellowship which prevailed throughout the school. This spirit was so contagious that visitors, such as the members of the All-City Student Council, were led to remark about it. . . . Each 'Tonian gained an indispensable wealth in the social graces, athletic powers, and pure enjoyment in doing and seeing. . . . Yes, it's been a good year; we may well be proud of it.

Hi Cooky;

As you already know I'm crazy and also still underage (18 Friday), so I'm not responsible for what I say? I'm set on filling up this page so I'll put anything in to accomplish that.

Do you know your the nicest and meanest boy I know, you honestly are. If I fail Soc. it will in a way be partly your fault but you couldn't help that and after it's all over I won't mind (cause I know I'll fail it, and so do you). When I fail History it will be partly your fault too, cause Mr. White moved me away from you too late I don't think I'll fail art but If I do it will but wholly your fault for making mad passionate love to me 'it class, but only in art class. Chuckles.

Only to fill up space I know three lovely 3 poems which have nothing to do with you:

" 'Tis said that absence conquers love;
But oh believe it not! I've tried, alas! 'tis power to prove,
But thou are not forgot."

" a mighty pain to love it is,
And 'tis a pain that pain to miss
But of all pains, the greatest pain
It is to love, but love in vain."

"'Tis better to have loved and lost than never to have loved at all."

If you see that little thing I wrote don't get the wrong idea. It was all in my imagination, but I think If you ever read it you'll realize that. I think Mauglen will give it to you to read because I don't want her to and she likes you. But then all the girls are madly in love with you, aren't they honey? Maldita sea su alma!, I don't mean that, but I do mean this: Voilamonte, Anatua coi litto, Jeh liebe dich, Mi corazon mon chose, Te amo, Yo te amo, Always yours, Kathy

Hi John!
Have a real hot summer.
I doubt we will.
Be good! Joke!

Hi John!
Maybe with everyone Pluggling for us we'll Pass Soc 22!
Here's hoping.
Good luck chgo to a superb bella "grunner" (The Loop) Stuffie!
Dear John, Gosh! you've been a lot of help. I'm sure I have caused some grief (and those pictures - Be good to Nancy Helgert

To my fellow (smart) History student.
